STRENGTH

to vigorously push a business, strength to study a profession, strength to regulate a household, strength to do a day's labor without physical pain. All this represents what is wanted, in the often heard expression, "Oh! I wish I had the strength!" If you are broken down, have not energy, or feel as if life was hardly worth living, you can be relieved and restored to robust health and strength by taking BROWN'S IRON BIT-TERS, which is a true tonic-a medicine universally recommended for all wasting diseases.

> 501 N. Fremont St., Baltimore During the war I was injured in the stomach by a piece of a shell, and have suffered from it ever since. About four years ago it brought on paralysis, which kept me in bed six months, and the best doctors in the city said I could not live. I suffered fearfully from indigestion, and for over two years could not eat solid food and for a large portion of the time was unable to retain even liquid nourishment. I tried Brown's Iron Bitters and now after taking two bottles I am able to get up and go around and am rapidly improving.

BROWN'S IRON BITTERS is a complete and sure remedy for Indigestion, Dyspepsia, Malaria, Weakness and all diseases requiring a true, reliable, non-alcoholic tonic. It enriches the blood, gives new life to the muscles and tone

Capture of Escaped Convicts-Etc.

SAN FRANCISCO, March 26th.—Reports from various localities throughout the State—except the southern counties—indicate that sufficient rain has fallen during the present storm to relieve the farmers of their auxiety in regard to their crops. In Alameda county an abundance of rain is reported. The same may be said of Nevada, Schoma, Coluss, Santa Cruz, Contra Costa, San Josquir, Placer, Sierra, Solano, Like, Marin, Calaveras, San Mateo. Yolo, Stanislaus, Napa, Amader, Shasta, Yuba and Butte counties. The rain was greatly needed, and is hailed by the husbandman with great enthusiasm.

The Apache Trouble.

Tombstone, March 26th.—Yesterday news came from the Custom-house that J. E. James and C. M. Thorndyko were safe at that place, although they had just passed through the country overrun with the hastiles. This afternoon they arrived here, and report hearing of over twenty men killed, and that great excitement exists. They confirm the killing of George Woodward and William Hohstadt. Indians were seen yesterday at Swisshelm's, 40 miles from here. It is supposed that Swisshelm's is where they will concentrate. They have set fire to the grass, and the country for miles around is in a blaze.

Another Managerial Flight.

SAN FRANCISCO, March 26th.— Mr. Schwartz, the business agent of William Horace Lingard, states that his principal has flown, leaving his company to take care of themselves. There were dates made for most of the interior cities and also on the route of return Fast. He was reden of the interior cities and also on the route of return East. He was under engagement to take his people back to the East, and the members of the company are not pleased over the action of the manager. It is reported that Lingard paid the salary of his company up to the close of the engagement. He said nothing of his contemplated departure, and no one knew of his flight until Mr. Schwartz found his room vacant early this morning and found his room vacant early this morning and found his room vacant early this morning and all the baggage gone. There are rival people in the company, and the contract provides that they shall be returned to New York, where the company was organized. It is reported that Mr. Lingard did not do a losing business in San Francisco. The receipts, however, were not large, but the expenses were light. Lingard left several unpaid printers' bills.

[SECOND DISPATCH.] SAN FRANCISCO, March 26th.—It now turns out that William Horace Lingard did not leave the city, as claimed by his agent, Schwartz, but is still here. He claims that he has receipts from all his company of payment to the end of the engagement. He also says that suit has been brought against him of the constructed Grande Railway. him in Oakland by two of his company. It is not known why his agent started the re-port that Lingard had jumped the town. The Lick Trust.

The Lick Trust.

San Francisco, March 26th.—A few days ago the sale of Lick's property at the corner of Market and Fourth streets took place, John C. Flood being the purchaser. The sum paid was \$400,000. The deed will be consummated and the money paid on the 6th of April. Immediately after \$70,000 will be paid to John H. Lick, and \$5,000 to John B. Felton. The first expenditure will be \$150,000, which was set apart for the building and maintenance of public baths. The work on the baths will be commenced as zoon as the Court will allow. It is expected that at least \$500,000 will be expended in carrying out the trust. The glass for the Lick Observatory at Mount Hamilton is expected to arrive here by the end of July. It will cost, when mounted, \$52,000.

WASHINGTON, March 26th .- Postmasters ing In—The Star Route Weariness—Narrow Escape from Execution—Valuable cents postage. In order that their income might not be cut down in proportion to the reduction of postage, Congress last winter made a schedule of Postmasters' salaries. The new and old schedules cannot be exactly compared, because there are differences in vanced from \$3 200 to \$3,300. If the receipts are \$150,000, the new salary will be \$3,600, though the present maximum is \$3,700. Where receipts are \$450,000, the new salary will be \$3,900, and the present maximum \$4 000. Where the receipts are the receipts are \$1,000,000, and \$2,000,000, the Milwauker, March 26th.—The funeral of etween \$500,000 and \$600,000, the new salary will be \$5,000. The present maximum ranges from \$4,200 to \$4,500. Under the new schedule the maximum salary of \$6,000 will be paid where the receipts exceed \$600,000. Under the present schedule the maximum salary where the receipts are \$640,000 ceipts are \$1.280,000; but where the receipts are \$1.500,000 the salary would be \$4.700. The reason for the inequality of that part of the salary consists in the diminishing commission on receipts, and that 2-10 of 1 per cent. of \$1,000,000 is more than 1-10 of 1 per cent. of \$1,280,000. The new schedule of specific salaries obviates all these aberrations. On the second and third-class offices, the comparisons are more difficult, for a large part of the present compensation is calculated on the revenue of the office, not to exceed a maximum of \$1,550, which is in addition to the revenue from bex rents and commissions where receipts exceed \$4,000. Under the new schedule, second-class effices are those whose receipts range from \$8 000 to \$40,000 Government had taunted the defendant for a year for not taking the stand, and when he range from \$1,000 to \$1,900. In offices of the fourth-class the Postmasters are now allowed 60 per cent of the first \$100 per quarter of the revenue and 50 per cent, on the revenues exceeding that and not exceeding \$300. CINCINNATI, March 26th.—The excellent painting of "St. Paul in Chains," by Mu-rillo, which was placed in St. Paul's Catherillo, which was placed in St. Paul's Cathedral in this city, many years ago, at a cost of \$25,000, has been ruined. The sextor, in trying to place a screen over it last Saturday, slipped from the scaffold which he had erected and fell through the picture to the floor, fifteen feet below. The accident was kept secret until last night, in the hope that the horrible rent could in some way be patched up. That hope is still held by Bishop Elder, but he admits that he has serious doubts as to whether it can be done. The painting is covered by screens to day, and thousands who attended the different services of Easter Day were not aware that it had been ruined.

RAILROAD COMMISSION,

Special to the RECORD-UNION. San Francisco, March 26th.—The Rail-road Commissioners met this morning. In the absence of President Carpenter, who is at Sacramento, Mr. Foote occupied the chair.

J. S. Tibbitts, of Saratoga, complained that discrimination was practiced by the Southern Pacific Railroad Company in their rates of fares between the stations of Vega and Gilroy, and between Gilroy and Santa Clara. The complaint was placed on file, and consideration of the same will be taken up at the next meeting. Mr. Foote believed this case showed discrimination on the part of the railroad company, and thought it would be well to pass an order prohibiting the same, and then for any violation the company may

answer in the Courts. An answer from Division Superiatendent A. C. Bassett, of the Southern Pacific, to the charges of the citizens of the Eleventh Ward, was read and filed.

J. C. Stubbs presented an answer to the complaint of Edward C. Spaulding, who charges that excessive rates on the transportation of granite are being exacted by the Central Pacific.

On motion of Commissioner Humphreys, the Secretary was requested to forward to the different railroad companies the usual blanks ments for the year.

The printed transcript of testimony in the case of Richards & Harrison vs. the Central Pacific being still in the hands of the printer,

the case was continued for argument until Monday, April 2d, at 11 o'clock. The Secretary was instructed to summon Richard Gray and Charles Crecker to appear before the Commissioners on Tuesday, April 3d, for examination, and at 12 o'clock the Board adjourned until next Monday morning at 11 o'clock.

Samples of volunteer Wheat and Barley from Sutter county, within eighteen miles of Marysville, were exhibited at the Produce Exchange to-day. The display attracted considerable attention, and was pronounced by many operators to be quite as good as could be reasonably expected. The stalks were fairly long, and the grain appeared to be heading out well. A tract of 2,400 acres, from which the specimen stalks were picked, is represented to be uniformly in as good condition, and a pretty high estimate of yield is made by the owner. BARLEY—The wet weather has taken nearly all the strength out of the market. This was to be expected, and the result is, therefore, not surprising to operators who have been taking chances on a dry season. The attendance on call this morning was the largest since the introduction of the system. Business was lively, and about 11,000 tons changed ownership. Prices were 10@12c lower than on Saturday, and it is doubtful if bottom has yet been reached. The short interest had one of the best op-

STEEL BARBED WARE. GALVANIZED OR PAINTED. IS FEET TO THE POUND.

Merits of Barbed Fence:

It is the cheapest fence made; the most durable; it is not affected by fire, wind or flood; does not cause snow-drifts; takes fewer fence posts; stock cannot push it down; it protects itself—acts on the defensive; it takes but little room; you can cultivate close to it; weeds are easily kept from it; requires but little labor to put it up; you can draw enough at one load to fence a farm; you can fence a good-sized farm in a day; it is the greatest practical invention of the age; and has come to be the farm and railroad fence of the country.

We advise every one who wishes to purchase wire, and wants the best, to buy the CACTUS BARB, as it contains all the favorable features that are required, and none of the objectionable ones. It is made only from the best annealed steel, fully warranted, either galvanized or painted; put up in spools of from 100 to 120 pounds each. Remember, it will not exceed 17 ounces per rod.
